

Questions

How much time is allowed to complete the Road Scholar and Road Master programs?

Each person has four (4) years from their sign-up date to complete the course requirements for each of the programs, Level I - Road Scholar and Level II - Road Master.

What about workshops already attended?

All Idaho T2 Center core and elective courses previously taken and passed within a four year period will be considered towards the Road Scholar and Road Master programs. (For core courses, a score of 80% or better is considered passing.) The specific requirements for core and electives for Level I and Level II are listed inside this brochure.

To receive credit for both the First Aid and CPR courses taken from other agencies, please fax in copies of the front and back of each card.

The Basic Math course may be challenged by taking and passing the course exam with a score of 80% or better.

What obligation is there to complete the program?

None! It is a program for you and there is no cost to enroll, only the class fee. If you enroll in the Road Scholar Program and decide to discontinue your participation, there is no obligation to continue. You have still gained valuable knowledge from each workshop attended.

Can people attend workshops if they are not enrolled in the program?

Of course! There is no obligation to enroll in the Road Scholar Program and you may still register for workshops. Announcements of upcoming workshops will still be sent to government agencies via email and class schedules will be posted on our website. All Idaho government employees may attend.

Road Scholar Program

The cities, counties and highway districts are responsible for the majority of roads within the state of Idaho -- over 32,000 miles of highways, roads, and streets. These highways, roads and streets are seeing an ever-increasing traffic demand. With the increased demand and new technologies comes the need for more diverse skills and knowledge necessary for maintenance and preservation activities on the roadways. The transportation professionals that are constructing and maintaining these roadways need to be recognized for their efforts at keeping up-to-date on the new technologies and skills required to construct and maintain effective highway systems.

The Idaho Road Scholar Program is a way for local road professionals in our state to be recognized for successfully completing a series of training courses. The program curriculum is designed to provide participants with the fundamentals of safety, management, and advanced technologies, as well as exposure to a wide variety of other topics relevant to the transportation field. Through this program, the local agencies will also be provided an opportunity to develop the agencies' greatest asset - its employees.

The Idaho Road Scholar Program

The Idaho Road Scholar Program recognizes local road and street professionals in our state.

Brochure Date March 2011

Requirements Level I

Road Scholar

Level I consists of nine (9) core classes and two (2) electives (76 hours). The classes will include classroom work, field work, an occasional field trip, and a competency exam. Passing exams (80% or greater) on the core classes will qualify the participant to be classified a ROAD SCHOLAR. Successful Road Scholars will be recognized statewide for their accomplishment and will receive a Road Scholar certificate, cap, and a Leatherman.

Requirements Level II

Road Master

After completing Level I, Level II consists of eight (8) core and two (2) electives (84 hours). The classes will include classroom work, field work, an occasional field trip, and a competency exam. Passing exams (80% or greater) on the core classes will qualify the participant to be classified as a ROAD MASTER. Successful Road Masters will be recognized statewide for their accomplishment and will also receive awards.
